## The Village Hall - Additional information

### MUSIC

Use of each venues sound system is free of charge provided you have your music on CD's, or an iPod. The facilities can accommodate live bands and DJ's, and have space for dance areas.

Organisation of bands or DJ's is up to you and all music must run no later than 11.30pm.

A cordless microphone for your speeches in the Village Hall is available on request.

### VENUE LAYOUT

The layout inside each venue is up to you and there are lots of different options, once you have booked your date you will be provided with a blank map of your chosen venue and you can plan out where your tables etc. will go.

We provide round tables which can seat 8-10 guests and a long table for the bridal party.

### THINGS TO CONSIDER WHEN SELECTING YOUR VENUE:

The numbers that each venue can seat can differ depending on your chosen menu option – i.e buffet or set menu.

Floor space for band or DJ and dance floor needs to be considered.

Please get in touch with our wedding team for venue recommendations that will best suit your needs.

## General Information

### ALCOHOL

All venues are licensed and bringing your own alcohol is not permitted. We have a number of great wine lists and beverages that you can choose from, and if you would like to order something special we will do our best to get your request for you.

### CATERING

All catering is done by our on-site team of chefs from The Monaco Kitchen. We have some fantastic set menus to choose from, and we are very happy to work with you to tailor make a menu to suit your needs.

A buffet is a great way to cater to all tastes and will ensure everyone gets a hearty meal on the night. The head table is the only table served separately and served first, then table by table the other guests can enjoy the buffet selection at their leisure. We will always endeavour to have a double-sided buffet so guests can get their meal promptly.

For all menus – please discuss with us if you have any guests with specific dietary requirements, our chefs are experienced with handling special meal requests.

### RAINY DAY OPTION

Our ceremony location is outside on the Village Green and therefore comes with the risk of rain! We are lucky in Nelson with our weather and very rarely have to change to an indoor location, however if it does rain on the day there is the option to book one of our indoor venues.

### CHILDCARE

If your guests are staying on site, it provides a fantastic opportunity for your guests to have a night out, without the kids! On request, guest rooms can be close to the marquee and we have fantastic contacts for a local babysitting company, who we regularly use for wedding guests.

### GUEST PARKING

The resort has more than enough parking for all of our in-house guests plus those who are just visiting for your wedding. Your guests are welcome to park anywhere around the resort.

### ON-SITE WEDDING FACILITIES

Your wedding day at the Grand Mercure Nelson Monaco couldn't be more stress-free!

On-site within the property we have an award-winning beauty & day spa and a craftsman jeweller. Contact these businesses to arrange your perfect day.

We work closely with many wedding specialist companies in Nelson; contact us for a full list of preferred suppliers.
